

If printed 17 inches tall (from black-outlined edge to black-outlined edge) the scale of these drawings is 1/350.

NOTES

DECK 10

The ship's main Sanitary Waste Recovery System is located at the front of this deck.

The rest of this deck contains Material Reclamation and Fabrication machinery. Two more hatches (similar to the hatches on Deck 9, as mentioned on the previous page) could allow for transfer of rare elements required in various manufacturing processes.

The stairs from the Engineering section on Deck 7 finally end on this deck.

DECK 10 DORSAL

This is a Lounge.

The stairs on the port side are used for evacuating the Secondary Hull prior to disconnecting the Primary Hull. They lead directly to Deck 7.

DECK 11

The forward Phasers and the Phaser Control Room are on Deck 11.

DECK 11 DORSAL

This is a Lounge.

DECK 10: DORSAL

DECK 10: MANUFACTURING AND FABRICATING

DECK 11: DORSAL

DECK 11: PHASERS AND PHASER CONTROL
